Besties

Karen doesn't sleep

Or rather, he doesn't need to

He often looks deep in thought,

so once, I asked him, what he was doing

"Looking at the world."

What an intriguing answer.

Dadan told me that to
gain, collecting knowledge
like this was as normal as
human breathing.

He said that it's a delicate
concept for humans to grasp

Its like he's not human...
Oh right, he's not.

Good morning.

Mind corruption?

Yes. This is the consequence for contractors who misuse their dragon artifacts.

It's my first time doing it.

His eyes were all blurred.

Contractors aren't supposed to do this.

I CAN'T BELIEVE HE USED HIS DRAGON ARTIFACT WITHOUT MY PERMISSION...

Did even a tough spot like this?

Shouldn't we take him to a doctor?

That won't do. This is exclusive to contractors.

The only path to recovery is for them to rest and for us to keep on and on till.

**NO! YOUNG
MASTER!**

YOU MUSTN'T GO!

FLAT!

PLEASE...!

Mingos be at hunters
more, around from one
camp to the next
throughout their hunt.

But I didn't
expect the Mingo
to be hunters.

No, what I need
is information.

The hunters and images are afraid of me.

More like, they're afraid of Mr. Kuros.

I shall explain why I called the image a bunch of flowers and knives.

The image has, perhaps, a reason for being here - and will always return to its origin.

There are three things that will happen in the world, and the world will be a place of peace.

So we are staying here for the night?

Yes.

This place is an abandoned sanctuary, but even beasts should not be able to enter so please rest assured.

We should have proceeded a bit further before stopping, but...

The forest gets rather loud when those things show up.

Please do not be alarmed. They cannot see past the barrier.

These creatures
are born of the words, only
existing in the space between
the Karti Moomali (Karam)
and the House of Mungu
Karam.

BOOM

BOOM

These are
the remnants of
all things in this
world.

They are
Urum.

BOOM

They move only
by instinct, and are
rather cowardly.

Their decreasing
population suggests
they are on the brink of
extinction, but...

BOOM

...nothing good
comes from sticking
your nose where it
doesn't belong.
